Are any of your vulvar symptoms relieved by any of the following? (Circle those that apply)

yes

Heat Shower Alcohol Sitz bath Exercise

no

Hot tub Lying down Standing Sitting Tub bath

Loose clothing No underwear

8. Do you have pain in the area when nothing is touching it? yes no

Fear

9. Are your symptoms	worse ? (Circle all that apply					
with periods	during	periods	after pe	eriods		no relation to periods	
not having periods/does	n't apply						
10. Rate the INTENSITY c	of the pair	า					
(0=none)							(10=worst imaginable)
11. Rate the UNPLEASAN	NTNESS o	f the pain					
(0=none)							(10=worst imaginable)
12. Does the pain radiate	e to other	parts of your body	y?	Yes	No		
13. Does the pain wake	you from	sleep?		Yes	No		
Other problems:							
Do you have?							
1. Constipation?	Yes	No					
2. Diarrhea?	Occasi	onally (not more th	nan 3 tim	es a year)		
	Often/	usually					
3. Do you have problems	s with urir	nation?	Burning	g or sting	ing		
			Difficult	ty startin	g stream		
			Leaking	gurine			
			Sudden	need to	urinate		

4. Which of the following do you have? (Circle any that apply)

Fibromyalgia Low energy Depression Frequent headaches

Low thyroid High blood pressure Difficulty sleeping Hay fever/ seasonal allergies

Chronic fatigue Skin sensitivities Pelvic pain Diabetes

Previous treatment: Please circle any medications you have used and circle to your response to the medication.

Type of therapy:

The therapy made me:

Yeast medication Worse Better No change

Steroid creams or ointments Worse Better No change

Steroids by mouth Worse Better No change

Estrogen cream Worse Better No change

Testosterone cream or ointment Worse Better No change

Tricyclic medication Worse Better No change

(amitripyline, desipramine, imipramine)

If yes, what medication, what dose did you reach and how long did you take it? Did you note change in Symptoms?

Other antidepressant medication (if yes, what medication, what dose did you take and for how long?) Any symptom change?

Type of therapy:	The therapy made me:

Narcotic pain medication Worse Better No change

such as codiene, oxycodone, hydrocodone

Soaks Worse Better No change

(Aveeno, Burrow's Domeborrows)

Moisturizers Worse Better No change

(Replens, KY, Vaseline, Aquafor)

Gabepentin or Lyrica Worse Better No change

(Add dose and length of treatment)

Topical anesthetics Worse Better No change

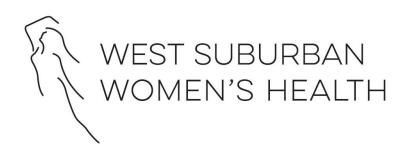

(Lidocaine, Vagisil)

Other medication (please list including dose and length of treatment)

Pelvic floor rehab/biofeedback Worse Better No change

Vestibulectomy Worse Better No change

Other surgery (list then circle response)
